

CAPE VINTAGE MOTORCYCLE CLUB

Club Run (breakfast) to Stellenbosch Airfield

Sunday 4th May 2014

Well winter has come to the Cape, so unfortunately not many members were prepared to brave the cold and wet roads, most of those that did, came by car, myself included.

Don did come to me by bike, then joined June and I in the car, so when we returned to our house he sat out the down pour and left on his bike, in the dry! Getting the best of both, bike ride and car ride and stayed dry.

The bravest being Peter and Kenn, see their bikes below; hope they did not get too wet on their way home.
