

Cape Vintage Motorcycle Club (CVMC) Meeting 18th October 2014

I am not an author but thought I would write this, so I make no excuses for any omissions and certainly will take no umbrage for any snipes or chirps.

Our club meets every 3rd Saturday of each month, at 2pm for a main meeting, and at 1pm for the committee meeting.

As I was leaving at about 12:30 for the committee meeting Brian Wallace phoned to say "Gavin Allison was not coming and he normally opens the gate and club house, but that he had forgot to take the keys from his house and thus was returning to Somerset West to get his set of keys and would most likely only be there, that's Parow, in one hour (so about 13:30)".

On arrival I saw several members, outside the gate with one or two trying to open the gate, no success, then it was suggested that somebody could check if the keys, that Brian had collected, would open the club house, as we could at least walk to the club house, but that was not successful either!

It was then suggested that we hold the meeting under a large tree just outside the club house.

What a wonderful meeting it was, maybe we should do it more often, **(But PLEASE with chairs!)**
