

Cape Vintage Motorcycle Club

Breakfast run to Dixie's Restaurant 2nd February 2014

The Cape Vintage Motorcycle Club, holds a breakfast run on the first Sunday of the month, this Sunday the venue was Dixie's Restaurant in Glencairn, just outside Simons Town which is right on the Main Road, has a large balcony and superb views. Chosen not only to have breakfast but to allow us to see a vintage car and bike run along the coast through Simons Town.

Well that was the theory.

Even though a lot of effort goes in to organizing the breakfast runs as usual bad communication can and did spoil the objective.

At the last general meeting "natter" it was discussed, after some members raised the point, that we do not travel as a club, so it was decided and discussed that the Northerners would meet at the Parow club, set off and meet the Southerners at the Constantia Shopping Centre, so that's what we, Northerners did. Well 7 members on 6 bikes!

Here we are at Parow

When we arrived at the Constantia Shopping Centre, **NO** Southerners! Lots of cars, cyclists and a few motorbikes, but no CVMC Southerners.

And chaotic traffic!

After investigation we determined that the Southerners were already at Dixie's, GRRR!!

So off we set, unfortunately, unbeknown to the leader of the Northerners, (whose bike had to be bump started, battery problems?) Peter's AJS broke down and so the group, sans the leader stayed to help!

Eventually the Northerners arrived at Dixies, less 2 Peters, one AJS broken and one BMW got fed up and went home!

Is it a thing Peters do?

Ken, finds somebody to talk to

And we get breakfast

But imagine all that way to see the vintage cars and motorbikes passing, as before and indicated on the web site at 10 O'clock, they had already gone past before us Northerners arrived!!!

GRRRR!!

A Southerners conspiracy?
