

**CAPE VINTAGE MOTORCYCLE CLUB
Club Run (breakfast) to Stellenbosch Airfield
Sunday 7th December 2014**

A lovely run to Stellenbosch in the Cape, sun shining and high temperature about 30 deg., it was bearable if you kept moving.

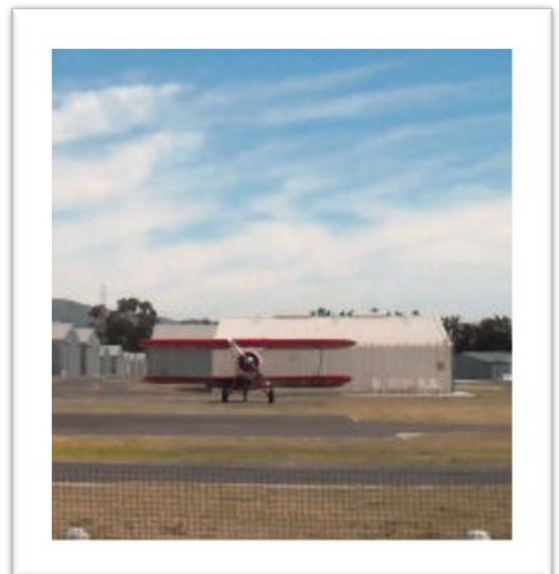

**A super example of a Triumph Tiger Cub T20 1962 200 cc
Triumph also made a Terrier 150cc (*yes Ken you were right!*)**

Sorry about the picture quality. But you can see the highlighted jackets ability. Even though Eskom had cut the power, (previously lit areas, is apparently the politically correct expression) we got feed an egg and bacon roll, which was delicious, well done to the staff

The club house and a beautiful bye plane that landed whilst we had breakfast, it's a lovely venue with all the small private planes flying in and out.
